

14th U.S./North American Mine Ventilation Symposium

June 17-20, 2012
University Guest House
Salt Lake City, UT

University of Utah, Mining Engineering Department is organizing the 14th U.S./North American Mine Ventilation Symposium June 17-20, 2012

Abstract and author information will be collected using an online submission software.
Your abstract should be 300 words or less and is due no later than August 1, 2011.

Submit Online abstracts at:

<http://precis2.preciscentral.com/Link.aspx?ID=345702866DE57A54>

TOPICS:

1. Mining Regulations
2. Ventilation Planning (Case Studies)
3. Numerical Modeling and Integration with Planning and Remote Monitoring
4. Coal Mine Ventilation
5. Metal/Non-metal Mine Ventilation
6. Diesel Emissions Control and Measurement
7. Occupational Health (Mine Gases, Dusts, Radon, etc.)
8. Air Cooling and Refrigeration
9. Prevention and Fighting of Mine Fires
10. Prevention of Methane and Coal Dust Explosions
11. Main and Booster Fans
12. Ventilation Controls (Stoppings, Doors, Remote Controls, etc)
13. Ventilation Monitoring and Control (Air Flow, Air Quality, etc)
14. Ventilación en Español
